**Jesus David Ascanio**

Systems Analyst - La Muela S.A.S

**+57 322 2751877**

## ABOUT ME

Full Stack Developer with hands-on experience building web applications using JavaScript, React, Node.js, and both SQL and NoSQL databases. I have led the development of internal tools and e-commerce platforms that improved business operations and user experience. Passionate about teamwork, technology, and continuous learning. Actively seeking remote opportunities to contribute and grow in dynamic environments.

## PROFESSIONAL EXPERIENCE

### Full Stack Developer – La Muela S.A.S (2025 – Present)

- Developed an internal activity tracking system and automated email sender.
- Migrated the database from MongoDB to SQL Server.
- Improved administrative process flow and reduced manual operations by over 30%.
- Built responsive UI components with React and managed backend services with Express.

### E-commerce Ruraqmaki (COMPLETED): CampusLands - 2024

- Ruraqmaki is an e-commerce platform created for CampusLands, connecting artisans from Bucaramanga with buyers interested in unique and authentic products. Its goal is to revolutionize the commercialization of local products, promoting the region's cultural heritage through technology.
